

your retirement plan

For ERS Tier 5 Members
(Article 15)

New York State Office of the State Comptroller
Thomas P. DiNapoli

New York State and Local
Employees' Retirement System

A Message from Comptroller Thomas P. DiNapoli

As a member of the Retirement System, you are covered by a plan that provides important benefits. This presentation explains some of those benefits and the services available to you as a member of our system, including:

- Benefits you will receive at retirement if you meet the service and age requirements (service retirement benefits);
- Benefits you may receive if you become permanently disabled (disability retirement benefits);
- Benefits your beneficiary may receive if you die while working for a public employer or, if eligible, after you leave public employment (death benefits); and
- Benefits you may receive at a later date, even if you leave public service before you become eligible to retire (vested benefits).

I am joined by a staff of dedicated professionals in my commitment to helping you make informed decisions about your future. I encourage you to contact us with any questions or suggestions you might have.

Sincerely,

A handwritten signature in black ink that reads "Tom DiNapoli". The signature is written in a cursive, flowing style.

Thomas P. DiNapoli

About This Presentation	31

About Your Membership

RETIREMENT SYSTEM MEMBERSHIP

Permanent, full-time employees of employers that participate in the New York State and Local Employees' Retirement System must become members of the Retirement System.

Under any of the following four scenarios, however, membership is optional:

- You are appointed to a temporary or provisional position;
- You work less than 30 hours per week, or less than the standard number of hours for full-time employment as established by your employer for your position;
- Your job is supposed to last for less than one year, or you work on a less than 12 months per year basis;
- Your annual salary is less than New York State's minimum wage, multiplied by 2,000 hours.

TIER STATUS

When you join the Retirement System, you are assigned to a tier based on your date of membership. Your tier determines:

- Your eligibility for service or disability retirement benefits;
- The formula used in the calculation of your benefits;
- Death benefit coverage;
- Service crediting; and
- Whether you must contribute toward your benefits.

If you joined the Employees' Retirement System on or after January 1, 2010, you are a Tier 5 member.

CONTRIBUTING TOWARD YOUR RETIREMENT

You are required to contribute 3 percent of your gross earnings toward your retirement benefits for all your years of public service, unless you are a:

- Uniformed court officer and required to make 4 percent contributions;
- Peace officer employed by the Unified Court System and required to make 4 percent contributions; or
- State corrections officer and required to make 3 percent contributions for 30 years of service.

If you are employed by more than one participating employer, once you join the Retirement System, all salary and service earned in connection with all employment must be reported to this System, even if your membership is only mandatory with one.

Under Internal Revenue Code Section 414(h), as of July 1, 1989, your required contributions are tax-deferred until they are distributed to you. These contributions are reportable for federal income tax only when you withdraw or retire from the Retirement System. Therefore, contributions for Tier 5 members are:

- Not reported as wages for federal income tax;
- Reported as wages for New York State and local income taxes;
- Reported as wages for Social Security;
- Reported as wages to the New York State and Local Employees' Retirement System, and used in the calculation of all benefits paid by the Retirement System; and
- Calculated on your full gross salary, before any salary reductions for any other tax-deferred plan.

BECOMING ELIGIBLE FOR A BENEFIT

Once you have ten years of credited service, you will be vested. This means you have earned the right to receive a retirement benefit, even if you leave public employment.

You can begin receiving your vested retirement benefit when you reach age 55. The amount of your vested benefit is based on your service, age at retirement and the salary you earned when you were an active member.

Vesting is automatic — you do not have to fill out any paperwork or file an application to become vested. However, you will need to file an application to begin receiving your vested benefit.

WITHDRAWING YOUR CONTRIBUTIONS AND/OR YOUR MEMBERSHIP

If you leave public employment with less than ten years of credited service, you may end your membership and withdraw your accumulated contributions (with interest compounded at 5 percent per year). To do this, you should file the Withdrawal Application (RS5014) no earlier than 15 days after you leave public employment.

Once you have ten or more years of service credit, you cannot withdraw from the Retirement System. Your contributions are required to remain in your account and you will qualify for a retirement benefit when you reach 55. It is up to you to apply for your retirement benefit at that time.

ENDING YOUR MEMBERSHIP

Once you join, there are five ways your membership can end:

- If you do not have at least ten years of credited service and seven years have elapsed since you last worked for a participating public employer;
- If you leave public employment before you have ten years of credited service and voluntarily withdraw your contributions;
- If you transfer your membership to another public New York State public retirement system.
- If you retire; or
- If you die.

“Public employment” means paid service as an officer or employee with an employer that participates in the New York State and Local Retirement System.

Service Credit

FULL- AND PART-TIME SERVICE CREDIT

Full-Time Employment

If you join the Retirement System on the day you begin employment with a participating employer, we calculate your retirement service credit by subtracting your beginning date of employment from the date you actually leave paid employment, as long as:

- You work on a full-time continuous basis; and
- You earn at least the annual equivalent of New York State's annual minimum wage for your full career in public service.

“Full-time” is defined by your employer, but must be at least six hours per day, for a five-day week.

Institutional teachers, teachers working in schools for the deaf and blind, school district and Board of Cooperative Educational Services (BOCES) employees, and college employees in both classified and unclassified positions who work full-time for the school year receive a full year of service credit. “School year” refers to employment during the months of September through June.

Part-Time Employment

Part-time employment, except as noted below, is credited as the lesser of:

$$\begin{aligned} & \text{number of days worked} \div 260 \text{ days} \\ & \text{or} \\ & \text{annual salary reported} \div (\text{State's hourly minimum wage} \times 2,000) \end{aligned}$$

For institutional teachers:

$$\text{number of days worked} \div 200 \text{ days}$$

For teachers working at New York State schools for the deaf and blind, BOCES and school district employees:

$$\text{number of days worked} \div 180 \text{ days}$$

For college employees:

$$\text{number of days worked} \div 170 \text{ days}$$

Employers report your days worked and salary to us.

LEAVES OF ABSENCE

Half credit is given for sick leave at half pay.

Since service is usually not credited for any period of time you do not receive a salary, credit is not given for:

- Leaves of absence without pay;
- Authorized, unpaid medical leaves of absence; or
- Unpaid leave under the federal Family and Medical Leave Act.

Workers' Compensation

State employees will receive up to one year of service credit per incident for time spent on Workers' Compensation leave.

Non-State employees may be able to receive credit for some or all of your Workers' Compensation leave. To determine your eligibility and the cost (if any), please send a request to the Retirement System for review.

CREDIT FOR PREVIOUS OR MILITARY SERVICE

You may be able to obtain credit for your previous public employment or military service. It is very important that you claim all the service credit you are entitled to receive as early as possible, because records documenting your previous service may be lost or destroyed with the passage of time.

Prior Service

This is any period of time you received salary from a participating employer before that employer elected to participate in the Retirement System. To receive credit for this service, you must earn at least two years of credited service as a Retirement System member.

Example:

You worked for a municipality for six years before that municipality began participating and now you have joined the System. You can request credit for those six years, but there would also be a cost.

Service Before Your Date of Membership

You may receive credit for working for a participating employer before you joined the Retirement System. To obtain the credit, you must earn at least two years of credited service as a Retirement System member.

Example:

You worked at the town library while going to school and, as a part-time employee, you chose not to join the System. When you graduated and took a full-time job at the town supervisor's office, you were required to join. You can choose to claim the part-time service, but there is a cost.

Military Service

You may be able to receive credit for some or all of your military service. To determine your eligibility and the cost, if any, please send us a copy of your Certificate of Release or Discharge from Active Duty (DD-214).

Service From a Previous Membership

If you previously were a member of this System, or another public retirement system in New York State, your service may be recredited and your date of membership and tier restored. We will initiate reinstatement of Tier 3, 4 or an earlier date within Tier 5 by sending you information about your eligibility and giving you the opportunity to purchase credit for your withdrawn service. If your previous membership was with another retirement system, please write to our Member & Employer Services Bureau. For reinstatement to Tier 1 or Tier 2, send us a completed Application to Reinstate a Former Tier 1 or 2 Membership (RS5506).

PAYMENT FOR SERVICE CREDIT

As a Tier 5 member, you will be required to pay for service currently not credited to you. There are two kinds of past service costs — mandatory and optional.

Mandatory costs are required for service you earned as a member but for which you made no (or insufficient) contributions.

Example of Mandatory Past Service Costs:

You joined the Retirement System on January 14, 2010, but your employer did not begin taking contributions from your paycheck until February 1, 2010. You would then need to make payments for January 14th through January 31st.

Optional costs are payments you choose to make to purchase credit for a period of previous or military service. Once you have made payment and have accrued two years of service credit as a member, you can receive that credit. Before you purchase optional past service credit, though, you must pay for any outstanding mandatory costs.

APPLYING FOR PREVIOUS OR MILITARY SERVICE CREDIT

To receive credit for any type of previous or military service, send a written request (which must be received before your effective date of retirement) to our Member & Employer Services Bureau. Please include as much information as you can about the period of employment for which you are seeking credit. We will determine your eligibility to receive the credit and any cost involved.

Requesting credit for your previous public employment as early in your career as possible ensures that:

- If there is a cost, it will be less expensive than if you wait to purchase it at a later date.
- Your retirement benefit will be processed more quickly if your service credit is in order.

If you are requesting previous service credit to establish eligibility for a vested retirement benefit, you should request credit while you are on the payroll of a participating employer. If you receive a statement of the cost after you leave the payroll, you must make payment within 30 days of notification. You can request credit for previous service after you leave the payroll, but you must pay the cost (if any) and return to the payroll of a participating employer for the service to be credited and for you to become vested.

Please note that, if your purchased service brings your total credited service to ten or more years, you will no longer be eligible to withdraw your contributions and end your membership.

ADDITIONAL SERVICE CREDIT FOR SICK LEAVE (SECTION 41[j])

Section 41(j) of the Retirement and Social Security Law (RSSL) provides an optional sick leave benefit. If your employer has chosen to offer this benefit, you may receive service credit for your unused, unpaid sick leave days at retirement. To be eligible for this benefit, you must retire directly from public employment or within a year after separating from service. The additional credit is determined by dividing the total unused, unpaid sick leave days, which cannot exceed 165 (200 days for some members), by 260. Contact your employer or refer to your Member Annual Statement to determine if this benefit is available to you.

Credit for your unused sick leave at retirement cannot be used to:

- Qualify for vesting. For example, if you have nine years and ten months of service credit and you need ten years to be vested, your sick leave credit cannot be used to reach the ten years.
- Qualify for a better retirement benefit calculation. For example, if you have 19 ½ years of service credit but your pension will improve substantially if you have 20 years, your sick leave credit cannot be used to reach the 20 years.
- Increase your pension beyond the maximum amount payable under your retirement plan.
- Meet the service credit requirement to retire in a special 20- or 25-year plan.

Final Average Salary (FAS)

Your pension is based on your years of credited service and your final average salary (FAS). FAS is the average of the wages you earned during any 36 consecutive months of service when your earnings were highest. This is usually the last three years of employment.

If the earnings in any year included in the FAS period exceed the average of the previous two years of earnings by more than 10 percent, the amount in excess of 10 percent is excluded from the computation.

The calculation of your FAS can include, but is not limited to, the following types of payments. In some cases, certain restrictions may apply.

- Regular salary;
- Overtime up to the annual limit, if earned in the FAS period; *
- Holiday pay;
- Noncompensatory overtime earned in the FAS period; *
- Longevity payment (maximum of three), if earned in the years used in the FAS calculation; and
- Payment for up to 30 days vacation, if the FAS is based on the 36 months immediately preceding retirement.

* Annual overtime pay in excess of \$15,914 (calendar year 2012) cannot be used in the FAS calculation. This overtime pay limitation increases 3 percent annually.

Year	Overtime Limit
2010	\$15,000
2011	\$15,450
2012	\$15,914
2013	\$16,391
2014	\$16,883
2015	\$17,389
2016	\$17,911
2017	\$18,448
2018	\$19,002
2019	\$19,572

The following types of payments are **not** considered regular compensation and, in most cases, will not be included in your FAS calculation:

- Unused sick leave;
- Payments made as a result of working your vacation;
- Any form of termination pay;
- Payments made in anticipation of retirement;
- Lump sum payments for deferred compensation; and
- Any payments made for time not worked.

Service Retirement Benefit

ELIGIBILITY, THE BENEFIT AND FILING

Eligibility

You will be eligible for a service retirement benefit when you reach age 62 and have ten or more years of credited service.

The Benefit

- If you retire with less than 20 years of service credit, your pension will equal 1/60th (1.66 percent) of your FAS for each year of service.
- With 20–30 years of service credit, your benefit will equal 1/50th (2 percent) of your FAS, multiplied by your years of credited service.
- For each year of credited service beyond 30 years, you will receive 3/200ths (1.5 percent) of your FAS.

Examples:

At age 62, with 19 years of service and an FAS of \$35,000:

$$\begin{aligned}(19 \text{ years} \times \$35,000) \div 60 &= \$ 11,083 \text{ per year} \\ &\$ 924 \text{ per month}\end{aligned}$$

At age 62, with 20 years of service and an FAS of \$35,000:

$$\begin{aligned}(20 \text{ years} \times \$35,000) \div 50 &= \$ 14,000 \text{ per year} \\ &\$ 1,167 \text{ per month}\end{aligned}$$

At age 62, with 31 years of service and an FAS of \$35,000:

$$\begin{aligned}(30 \text{ years} \times \$35,000) \div 50 &= \$ 21,000 \text{ per year} \\ &\text{plus} \\ (1 \text{ year} \times .015) \times \$35,000 &= \$ 525 \text{ per year} \\ &\$ 21,525 \text{ per year} \\ &\$ 1,794 \text{ per month}\end{aligned}$$

Filing

Your Application for Service Retirement (RS6037) must be on file with the Office of the State Comptroller at least 15 days but not more than 90 days before the date on which your retirement will occur. The 15-day filing requirement is waived if you are over age 70 at retirement.

RETIRING BEFORE AGE 62

If you retire between the ages of 55 and 62, your benefit will be reduced unless you are a uniformed court officer or peace officer employed by the Unified Court System and have at least 30 years of credit. The percentage of the benefit reduction is prorated based on your exact age at retirement.

Age at Retirement	Percentage of Reduction
55	38.33
56	33.33
57	28.33
58	23.33
59	18.33
60	13.33
61	6.67
62	0

It is important to know that once you retire with a reduced benefit, the reduction is permanent — it does not end when you turn 62.

Examples:

Retiring on your 55th birthday, with 19 years of service and an FAS of \$35,000:

$$\begin{aligned} 19 \text{ years} \times \$35,000 \div 60 &= \$ 11,083 \text{ per year} \\ &\quad - 4,248 \text{ (38.33 percent benefit reduction)} \\ &= \$ 6,835 \text{ per year} \\ &= \$ 569 \text{ per month} \end{aligned}$$

Retiring on your 55th birthday, with 20 years of service and an FAS of \$35,000:

$$\begin{aligned} 20 \text{ years} \times \$35,000 \div 50 &= \$ 14,000 \\ &\quad - 5,366 \text{ (38.33 percent benefit reduction)} \\ &= \$ 8,634 \text{ per year} \\ &= \$ 719 \text{ per month} \end{aligned}$$

Choosing a Payment Option

RECEIVING YOUR BENEFIT

At retirement, you must decide how you want your retirement benefit paid. You can choose from several options, all of which will provide you with a monthly benefit for life. For example, you may elect the Single Life Allowance, which provides the maximum amount payable during your lifetime, with nothing payable to a beneficiary upon your death. Or, you may elect to receive a smaller monthly benefit to provide for a possible payment to a designated beneficiary after your death.

FILING YOUR OPTION ELECTION

You must file your Option Election form (unless notified otherwise, as in the case of disability retirement) before the first day of the month following your retirement date. You have up to 30 days after your pension benefit becomes payable to change your selection. If you are a disability retiree, you may change your option selection up to 30 days after your disability application is approved, or up to 30 days after your retirement date, whichever is later.

If your election is not timely, by law, we must process your retirement as if you had selected the Single Life Allowance (Option 0).

AVAILABLE OPTIONS

Single Life Allowance (Option 0)

This is the basic retirement benefit. It provides the maximum benefit payment to you each month for the rest of your life. Under this selection, all payments cease upon your death. When you die (even if it is only one year, or sooner, after retiring), nothing will be paid to any beneficiary.

Joint Allowance — Full*

This option will provide you with a reduced monthly benefit for your lifetime, and is based on your birth date and that of your beneficiary. After your death, your beneficiary will receive the same monthly amount (without COLA) for life. If your beneficiary dies before you, all payments will cease upon your death.

Joint Allowance — Partial*

This option will provide you with a reduced monthly benefit for your lifetime, and is based on your birth date and that of your beneficiary. After your death, your beneficiary will receive a specific percentage of your benefit (without COLA) which you select (75, 50, or 25 percent) for life. If your beneficiary dies before you, all payments will cease upon your death.

Pop-Up/Joint Allowance — Full or Half*

These options will provide you with a reduced monthly benefit for your lifetime. If you die before your beneficiary, we will continue paying the same monthly amount or one-half that amount (without COLA), depending on which option you elect, to your beneficiary for life. If your beneficiary dies first, your benefit will be increased to the amount you would have received if you had selected the Single Life Allowance at retirement, and all payments will cease upon your death.

Five Year Certain and Ten Year Certain

These options will provide you with a reduced monthly benefit for your lifetime, with the additional guarantee that if you live for less than five years or ten years after retirement, depending upon which option you elect, payments in the same amount you were receiving (without COLA) will be made to your beneficiary for the balance of the five- or ten-year period. You may change your beneficiary within the five- or ten-year period.

Alternative Options

If the options described here do not meet your with needs, we will consider written requests for other payment methods. These requests must be outlined in detail by you and then approved by us for legal and actuarial soundness.

* If you elect this option, you must submit proof of your beneficiary's birth date. You can designate only one beneficiary and you cannot change your designation after your retirement. If your beneficiary is your spouse at the time of your death, he or she will be eligible for 50 percent of your COLA.

Items That May Affect Your Pension

IRS PENSION LIMITATION

Internal Revenue Code Section 401(a)(17) limits the amount of salary that qualified pension plans, including the New York State and Local Retirement System, may use in calculating benefits. It affects members who join on or after April 1, 1996, and currently excludes earnings over \$245,000 (effective April 1, 2011) in the State's fiscal year (April 1st – March 31st). The amount is set by federal law and is periodically adjusted for inflation.

BORROWING AGAINST YOUR CONTRIBUTIONS

If you meet eligibility requirements, you may take a loan from the Retirement System. To apply, you must file a Loan Application (RS5025-A) with us.

Before you apply, you should be aware of the federal tax laws pertaining to Retirement System loans. **Your loan will be taxable if:**

- The loan amount exceeds federal limits.
- You have a loan with a deferred compensation (457) or tax-sheltered annuity (403-b) plan through your current employer that causes your loan to exceed the federal limits for nontaxable loans. Exceeding these limits could result in significant tax consequences for you.
- You do not make payments on your loan at least once every three months or do not complete payment within five years from the date the loan was issued.
- You retire or withdraw from the Retirement System and have one or more outstanding loan balances.

If your loan is taxable, or becomes taxable as described above, you must include it on your federal income tax return for the year the loan is granted or becomes taxable. If you are under 59 ½ at the time, you may be required to pay a 10 percent penalty tax in addition to any ordinary federal income tax you owe. Please consider consulting a tax advisor before applying for a taxable loan from the Retirement System.

The following rules apply when borrowing against your contributions:

- You must be in active service and have one year of member service credit.
- Each loan must be for a minimum of \$1,000, so you must have an account balance of at least \$1,334. The total of all your loans may not be more than 75 percent of your contribution balance.
- You repay each outstanding loan through payroll deductions in an amount sufficient to repay the loan, interest and insurance premium within five years. The minimum deduction to repay your outstanding loan balances must be at least 2 percent of your salary.
- You may borrow only once in any 12-month period.
- Prior to retirement, and 30 days after issuance, loans are fully insured in case you die before repaying them.

If you retire with an outstanding balance, your retirement benefit will be **permanently reduced**. You cannot pay off your loan once you retire. The amount of your pension reduction will be based on your age, the loan balance at retirement, and type of retirement (regular service or disability).

These are examples of how your service retirement benefit will be permanently reduced by an outstanding loan balance at retirement. The approximate reductions are for calendar year 2012. The amount of the reduction changes annually.

Age at Retirement	Outstanding Loan Balance	Annual Pension Reduction
55	\$5,000	\$271
	\$10,000	\$542
62	\$5,000	\$317
	\$10,000	\$633

If you already have an outstanding loan with us and want to take a new loan, please contact our Call Center and connect with our automated information line to determine if refinancing your current loan or carrying multiple loans would be better for you. Although the repayment amount may be larger if you choose multiple loans, the taxable amount of a refinanced loan is always higher, unless the entire refinanced loan is nontaxable.

Example

Contribution Balance: \$ 18,630
 Previous Loan Balance: \$ 8,760
 New Loan Requested: \$ 3,000

	Refinanced Loans	Multiple Loans
Taxable Amount	\$ 5,190	\$ 0
Minimum Payroll Deduction (Repayment Amount)	\$ 112	\$ 236

In this example, if the member chooses to refinance, the taxable amount of the loan is greater than the loan requested. But, if the member chooses multiple loans, the new loan is not taxable.

COST-OF-LIVING ADJUSTMENT (COLA)

Once you meet the eligibility requirements, including age and number of years retired, your retirement benefit will permanently increase each year. This adjustment, subject to pension caps and limitations, is 50 percent of the previous year’s annual rate of inflation, but never less than 1 percent or more than 3 percent of your benefit. The adjustment percentage is applied only to the first \$18,000 of your Single Life Allowance, even if you selected a different option at retirement.

You will begin receiving cost-of-living adjustments (COLAs) when you are:

- 62 or older and retired for five or more years; or
- 55 or older and retired for ten or more years (generally applies to members in special plans that allow for retirement, regardless of age, after a specific number of years); or
- Receiving a disability pension for five or more years.

When you die, if you selected an option that pays a lifetime benefit to your beneficiary, and the beneficiary is your spouse, he or she will be eligible to receive half of the COLA amount you would have been entitled to receive.

DIVORCE

The New York State Court of Appeals has determined that retirement benefits are marital property and subject to equitable distribution. “Equitable distribution” is the division of marital assets between spouses after the marriage has ended. This division must be stated in the form of a Domestic Relations Order (DRO) if we are to pay a portion of your pension to your ex-spouse.

A DRO gives us specific direction on how your retirement benefits should be divided. However, it does not allow for a distribution of your pension until you actually retire, die or terminate membership.

If you are divorced, it is especially important to review your beneficiary designations to ensure your benefits will be distributed according to your wishes. Effective July 7, 2008, beneficiary designations for certain benefits are revoked when a divorce, annulment or judicial separation becomes final. An exception applies if the terms of a DRO specify otherwise. Beneficiary designations may be revoked for the Ordinary Death Benefit, Cash Refund Initial Value option (Tier 1), Cash Refund Contributions option (Tiers 1 and 2) and Five and Ten Year Certain options. The Survivor Benefit beneficiary designations made by retirees who chose the Single Life Allowance option or certain alternative options may also be revoked.

For more information on how your pension benefits may be affected by divorce, consult your attorney, contact our Matrimonial Bureau, read our guide to Domestic Relations Orders and review our Divorce FAQs.

Vested Retirement Benefit

ELIGIBILITY

You are eligible for a vested retirement benefit if you leave public employment before age 55 and you have ten or more years of credited service. This means that when you reach age 55, you will be entitled to a pension based on your service and the salary earned when you were an active member.

Your full vested benefit is payable at age 62, but you can choose to retire as early as age 55. With the exception of uniformed court officers or peace officers employed by the Uniformed Court System, if you choose to retire prior to 62, your benefit will be permanently reduced. Uniformed court officers or peace officers employed by the Uniformed Court System can retire prior to 62 without a reduction for early retirement if they have 30 years of service credit.

YOUR VESTED BENEFIT

This benefit is calculated the same way as your service retirement benefit. However, it cannot be less than the value of your accumulated contributions with interest. For an explanation of your benefit, please refer to Service Retirement Benefits.

Your pension is payable for your lifetime. You may elect one of several payment options to provide for a continuing payment to a designated beneficiary of your choosing after your death.

FILING

To receive your vested pension at the earliest possible date, file a retirement application no earlier than 90 days before your 55th birthday. If we receive your retirement application after your 55th birthday, your vested retirement is effective the date the application is received.

Remember, it is up to you to file a retirement application when you become eligible and wish to receive your benefit.

Disability Retirement Benefit

ARTICLE 15 DISABILITY BENEFIT

If you become unable to perform your duties because of a permanent physical or mental incapacity, you may be eligible for a disability retirement benefit. There are a variety of disability benefits with different requirements. If you are eligible, you may simultaneously submit applications for disability and regular service retirement benefits.

You must select an option for the payment of your disability benefit.

Eligibility

To qualify for this disability retirement benefit, you need ten years of credited service, unless your disability results from an accident you sustain on the job. If your disability results from an on-the-job accident, not due to your own negligence, there is no minimum service requirement.

The Benefit

If approved, this is a benefit equal to the greater of:

- 1/60th (1.66 percent) of your FAS for each year of credited service or
- 1/60th (1.66 percent) of your FAS for each year of credited service, plus 1/60th of your FAS for each year of service you might have earned before age 60, but not more than 1/3 of your FAS.

Example:

Member is age 57 with 19 years of service

Three possible years of additional service to age 60

FAS = \$30,000

$$19 \text{ years} \times \$30,000 \div 60 = \$ 9,500$$

or

$$22 \text{ years (19 years + 3 additional)} \times \$30,000 \div 60 = \$ 11,000$$

$$\text{Maximum benefit} = 1/3 \text{ of FAS: } 1/3 \times \$30,000 = \$ 10,000$$

Benefit payable is \$ 10,000

Example:

Member is age 57 with 12 years of service

Three possible years of additional service to age 60

FAS = \$30,000

$$15 \text{ years (12 years + 3 additional)} \times \$30,000 \div 60 = \$ 7,500$$

$$\text{Maximum benefit} = 1/3 \text{ of FAS: } 1/3 \times \$30,000 = \$ 10,000$$

Benefit payable is **\$ 7,500**

If your disability is a result of an on-the-job accident, the benefit payable is at least 1/3 of your FAS.

If you are 60 or older at the effective date of your disability retirement and you have less than 20 years of credited service, your disability benefit would be equal to the benefit payable to you at the normal retirement age of 62, not to exceed 1/3 of your FAS.

If you are 60 or older at the effective date of your disability retirement and you have 20 or more years of credited service, your disability benefit would be equal to 1/60th (1.66 percent) of your FAS for each year of credited service.

Filing

You, your employer, or someone authorized with your power of attorney may file your Article 15 Disability Retirement Application (RS6340). The power of attorney is a legal document that gives authority to another person to make financial and other legal decisions on your behalf. The application must be filed while you are on the payroll or within:

- Three months of the last date you were paid on the payroll; or
- 12 months after receiving notification of termination of employment, provided you were on an authorized medical leave of absence or receiving Workers' Compensation benefits.

Death Benefits

ORDINARY DEATH BENEFIT – ELIGIBILITY AND FILING

Eligibility

An ordinary death benefit may be payable to your designated beneficiary if you have completed at least one year of service since last joining the Retirement System and your death occurs:

- While you are on the payroll; or
- While you are on an authorized medical leave of absence without pay for up to two years (which may be extended for an additional two years); or
- While you are receiving Workers' Compensation, or other similar employer-funded benefits, for up to two years (which may be extended for an additional two years) following the last date you were paid on the payroll, provided your employment has not been terminated by resignation, employer action or any other means while receiving those benefits; or
- Within 12 months of the last date you were receiving salary, on an authorized medical leave of absence, or receiving Workers' Compensation or other employer-funded benefits, provided you were not otherwise gainfully employed during that period.

The Benefit

Your death benefit is equal to your salary multiplied by your years of service, not to exceed three years of salary. That means that after one year of service, your beneficiary will receive one times your salary; after two years of service, two times your salary. After three or more years, the benefit is three times your salary. The salary is limited by Section 130 of the Civil Service Law.

Example:

\$30,000 earned in last year (assuming your salary stays the same)

After 1 year of service = \$ 30,000

After 2 years of service = \$ 60,000

After 3 or more years of service = \$ 90,000

For members working beyond age 60, the death benefit that would have been payable if you died at age 60 will be reduced by 4 percent each year that you stay in public employment, for a maximum of a 40 percent reduction.

Using the Example Above:

At age 60, a member was eligible for a \$90,000 death benefit. If the member dies while still employed, his or her beneficiary would receive:

Age	Maximum Percent Payable	Death Benefit Payable
60	100	\$90,000
61	96	\$86,400
62	92	\$82,800
63	88	\$79,200
64	84	\$75,600
65	80	\$72,000
66	76	\$68,400
67	72	\$64,800
68	68	\$61,200
69	64	\$57,600
70 & older	60	\$54,000

Filing

Your family or employer should notify us of your death as soon as possible and we will send the appropriate forms to your beneficiary.

POST-RETIREMENT DEATH BENEFIT

Your beneficiary may be eligible to receive a post-retirement death benefit if you:

- Retire directly from service; or
- Are a vested member and your date of retirement is within one year of leaving public employment in New York State.

The post-retirement death benefit is calculated at your retirement. During your first year of retirement, the benefit is 50 percent of the ordinary death benefit payable at retirement; during your second year of retirement, the benefit is 25 percent. During your third year and thereafter, the benefit will be 10 percent of the ordinary death benefit that would have been payable at age 60, if any, or at retirement, whichever was earlier.

Example:

Retirement at age 62 with a salary of \$30,000

\$30,000 X 3 =	\$ 90,000
(Reduction for working until age 62)	- 7,200
(Ordinary death benefit at retirement)	\$ 82,800
• 1st year of retirement (50 percent of ordinary death benefit):	\$ 41,400
• 2nd year of retirement (25 percent of ordinary death benefit):	\$ 20,700
• After 2nd year of retirement (10 percent of benefit at age 60):	\$ 9,000

Out-of-Service Death Benefit

If you are a vested member with at least ten years of credited service, have not retired and you die more than one year after leaving public employment, 50 percent of the death benefit may still be payable. This vested benefit is also payable if you die within one year of leaving covered service, but were gainfully employed during that time.

Filing

Your family or employer should notify us of your death as soon as possible and we will send the appropriate forms to your beneficiary.

ACCIDENTAL DEATH BENEFIT

Eligibility

Regardless of your years of service credit, if you die as the natural and proximate result of an on-the-job accident, not due to your own willful negligence, an accidental death benefit may be paid on your behalf.

The Benefit

This is a pension equal to one-half (50 percent) of your wages during your last year of active service and is paid to your beneficiaries, in this order:

- To your surviving spouse, provided he/she has not renounced survivorship rights in a separation agreement, until remarriage; or
- To your surviving children, until they reach age 25; or
- To your dependent parent or parents, as determined under regulations established by the Comptroller; or
- To any other person who qualified as a dependent on your final federal income tax return for the year preceding death, until that person reaches age 21.

The benefit will be divided equally among the beneficiaries in any one category if you have more than one child, parent or other dependent.

If the total of all the accidental death benefit payments is not more than the amount of the ordinary death benefit, the difference will be paid to the last eligible beneficiary or beneficiaries. If none exist, the benefit will be paid to the executors of your will, or the persons who would be the executors if you die without making a will.

Filing

The application for the accidental death benefit must be filed within 60 days of your date of death. The head of the Retirement System may accept an application after 60 days, but only if an ordinary death benefit has not been paid. Your family or employer should notify us when you die and we will forward the appropriate forms to your beneficiary.

Receiving Your Benefits

APPLYING FOR BENEFITS

To apply for Retirement System benefits, you must file the appropriate application form with the Office of the State Comptroller in a timely manner. Forms are available from our website, our Call Center or your employer. Specific filing instructions are detailed in each benefit description. If you need help, you can call or write us, or speak with an Information Representative at one of our consultation sites throughout New York State.

Filing with the Office of the State Comptroller

Many retirement benefit applications and other documents are required by law to be filed with the Office of the State Comptroller within specific time limits. For a form to be considered as “filed with the Comptroller,” it must be received by one of our consultation sites, or another office of the State Comptroller. **Giving your employer the form does not mean that you have “filed with the Comptroller.”**

As an alternative to visiting our offices to file these time-sensitive documents personally, you can fulfill the filing requirements by mailing the document to us. We will consider it filed when it is delivered to us by the Post Office. If you are concerned about meeting a filing deadline, you can mail the document via “Certified Mail — Return Receipt Requested.” When we receive the document, it will be considered as having been filed on the same date it was mailed.

To meet a filing deadline (such as an application for retirement benefits or an option election form), you can also send the document to us via fax. Although we will consider the form as filed on the date the transmission is received, you must still mail us the original document to continue the process and properly complete the filing requirement.

Filing Multiple Applications

Should you become ill or disabled and unable to perform your duties, depending on the circumstances, you may be eligible to file applications “without prejudice” for disability and regular service retirement benefits simultaneously. “Filed without prejudice” means we will process all filed applications and, if more than one benefit is approved, you will be given the opportunity to choose your pension from the approved benefits.

CHALLENGING A DETERMINATION

We can pay only those benefits authorized by law, and cannot pay you any benefits if you do not meet all the eligibility requirements established by law. If you believe that your benefit has been incorrectly denied or improperly calculated, you may request a hearing and redetermination to be held before a hearing officer.

Your request must be in writing and filed with the Hearing Administration Bureau within four months of the determination. We will send you an acknowledgment letter with an explanation of the hearing process when we receive your written request. If you have questions regarding the hearing process, please review our Administrative Hearing FAQs, email the Hearing Administration Bureau at Hearings@osc.state.ny.us or call us at 1-866-805-0990 or 518-474-7736 in the Albany, New York area.

How to Stay Informed

Your retirement benefits are an important part of a solid financial plan. They can help you and your beneficiaries achieve financial security in retirement or in the event of disability or death. Use these tips to help you understand your benefits and stay informed.

- Enroll in *Retirement Online*, and access your personal retirement-related information quickly, easily and securely on our website.
- Sign up for *E-News*, our free email newsletter, for the latest retirement news. It includes a special section dedicated to pre-retirement planning.
- Read the member newsletters we publish for current retirement information and updates on your benefits.
- Review your Member Annual Statement carefully and correct any errors quickly.
- Visit our website frequently to learn about your benefits, download forms, read informative booklets and brochures, and get tips on preparing for retirement.
- Attend a pre-retirement presentation to learn about the retirement process, know what you can expect and discuss post-retirement issues. At your employer's request, we offer these presentations designed for members within five years of retirement eligibility.
- Visit any of our consultation sites where you can meet with an Information Representative to discuss special concerns or request specific information.
- Update your mailing address if it changes, so you can stay up-to-date about benefits. This is especially important if you leave public employment before you are eligible to retire.
- Contact us with any questions you have about your benefits.

About This Presentation

This presentation describes the benefits available to Tier 5 members provided by the Coordinated Retirement Plan (Article 15) of the New York State Retirement and Social Security Law (RSSL) as amended by Chapter 504, Laws of 2009. Throughout this presentation, you will find references to “Sections” and “Articles” that refer to the RSSL.

The New York State and Local Retirement System, headed by the Comptroller of the State of New York, administers this plan. Our main office is in Albany, New York.

This presentation is a general summary of membership benefits, rights and responsibilities, and is not a substitute for any New York State or federal law. For specific information about your benefits, please contact us.
